

FGF FLAG FABRIC

A sheer fabric used for "Feather" flags as well as applications where a sheer (see through) banner is required. FGF is printed using a penetrant that assures good show-through on both side of the fabric. It will last outdoors for anywhere from 12-18 months or even longer depending on weather conditions.

Properties	Test Method	Metric	Imperial
Max. width	/	3.20m	126"
STD lenght	/	50m	54.7yd
Flag weight	/	110 g/sq. m.	3oz/sq. yd.
Base fabric	DIN 60001	Polyester	
Yarn dtex	DIN EN ISO 2060	55x44x44dtex	50x40x40denier
Tensile strenght	DIN EN ISO 1421	178 x 108N/5 cm	20x12 lbs/inch
Tear strenght	DIN 53363	16x17N	3.6x4 lbs

Storage Instructions

Do NOT store damp or wet, the fabric MUST be completely dry before it can be stored. Store in a cool, dry place and ALWAYS roll or very loosely fold so that hard creasing does not occur.

Care Instructions

- | | |
|---|---|
|  Hand wash only. Cold water. Mild detergent |  Do not dry clean |
|  Do not bleach |  Hang to dry |
|  Do not tumble dry |  Warm iron or steamer only |
